## NH Collection München Bavaria Opening August 2019

### Hotel history and location

NH Collection München Bavaria is historically the first skyscraper in Munich and remains one of the tallest buildings downtown. The hotel is located next to the main train station, in the heart of the city, only a few minutes' walk from the old town.

The hotel is within easy reach of attractions like Frauenkirche, the city's famous cathedral, and Theresienwiese, the official venue for Oktoberfest and home to the famous Bavaria statue. This female personification of the Bavarian homeland symbolizes its strength and glory. The new NH Collection hotel is named after the 18 meter high bronze statue, which reigns far above the Theresienwiese on a hill at the west end of the square. The glory of the region is showcased in different elements in the design of the hotel, where bronze details form a link to the beautiful statue.

## Services for an unforgettable experience

A breakfast buffet featuring local and international specialties is served every morning. Guests can choose from a selection of fresh fruit, juices, pastries and hot and cold dishes. Gluten-free options and a children's menu are also available.

The hotel experience is enhanced with a fitness centre, spaces for work and relaxation and an indulging on-site restaurant.

## Inspiring meetings and events

NH Collection München Bavaria offers over 400 square metres of event space. 11 flexible meeting rooms are split across the second and third floor of the hotel, offering an abundance of daylight. The hotel can accommodate small-to-large-scale meetings up to 200 persons in a state-of-the-art technological environment.

A highlight of the hotel is the Alpenblick conference room, located almost 95 metres up in the air on the top floor. This exclusive space offers the perfect location for brainstorming meetings and intimate events with unrivalled cityviews over Munich and the Alps as a backdrop.
